## OUR RESEARCH, RESULTS AND COURSE DESIGN

At TrainedArrow™, we have researched the components and structured learning and discovered that career opportunities and resilience depend on one's professional versatility.

We have found over 97% of our students over the past 14 years have been leading careers with increased confidence amid changing markets. And along the way, we have refined the content and structure of the course based on their experiences and results.

We have redesigned *LearnAhead™* for quick and easy learning in an explanatory animated format that students can complete in about 7 hours.

### Why *LearnAhead™*
